The assignment is divided into two parts and each is graded separately. Part I appoints the students/groups as the Head Coach of an assigned team of the college. Using templates and parameters that are provided, the group must create a team budget. Part II promotes the students/groups to the role of Athletic Director. Each group has access to an administrative and all the sport budgets. They must reduce the overall budget by 10%. The only parameters are that the decisions must keep in mind safety and equity. Each group must justify decisions and write a reflection about the decision-making process.
